You have read 2 books.

Book	Rating	Reviews
1  Sailing to the Sea By M. C. Heildorfer	** ok	I have never read a book about sailing. This book reminds me of when I watched sail boats sail when I was at the park when I was younger.
2  Scooby Doo and Aliens Too By Davis Dol Lance Falk	***** totally amazing	Aliens were invading a town in the desert. No one knew they were there. Then Scooby, Shaggy, Fred, Velma and Daphne came.

Title: Madeline and the Bad Hat

By Ludwig Bemelmans

Rating:

Review: I liked the parts when Madeline saved the cat and when the boy learned the lesson about leading a cat out of a bag around dogs.
